

**The Home of the Echoes**  
**Frank W. Boreham**

Frank Boreham was a well known preacher who served in England, Australia, and New Zealand. He published dozens of books and thousands of editorials during his lifetime, with no sign of slowing down, even up until his death at age 88. He wrote with a distinctive style, seeming to be able to draw a spiritual lesson out of any conceivable topic. In this collection of eighteen essays, Boreham explores what it means that deep calls unto deep, as well as a number of other subjects--from kingfishers to arm chairs. - Summary by Devorah Allen
